There is no surcharge fee if you use an Allpoint ATM. Overdraft protection is subject to credit approval. Stop payment fee: \$10.00 online or \$36.00 bank assisted. Interest will be compounded daily and credited to the account each statement cycle using the Daily Balance Method. This method applies a daily periodic rate to the principal balance in the account each day. Money Market Accounts (MMA) are governed by federal regulations, which limit the number of transactions to six preauthorized, telephone or on-line transfers to other Atlantic Capital Bank accounts or third parties. The limitation applies per statement cycle for monthly statements or calendar month for quarterly statements. If the transaction limitation is exceeded three (3) times in any twelve (12) month period, the account will be closed or changed to a checking account. Member FDIC. Equal Housing Lender.
